

Applications- BP Trinidad Bombax Project

- **93 flanges of various sizes & 5 misalignment connectors 20", 26" and 48" diameters**
- **Water Depth, 300 feet; limited visibility, high current loads and heavy weigh considerations**
- **“Easy Make-Up” connections large safety concern**
- **Delivered flanges within 6 months of being awarded the project (schedule & budget met)**
- **Onsite, 100% of the connections were installed leak-free the first time**
